About us

Everest Multi-Solutions (K) Ltd is a recycling company with its yard in Bamburi, Mombasa County. We collect recyclable materials from businesses, buy them by the kilogram, and sort and bale them for recyclers.

Businesses get their recyclables collected free of charge from 500 kg in Mombasa County, are paid for every kilogram, and receive a weight receipt for their records. Collectors and smaller businesses sell to us directly at the yard gate.

Sacked material loaded on a lorry

Where we work

Across Mombasa County, and further afield for loads from 2,000 kg. Our yard is open Monday – Friday 08:00–17:00 · Saturday 08:00–13:00.

What we do

Collect

From your premises, free from 500 kg in Mombasa County, or at our yard gate.

Weigh

Each material, on our yard scale or a public weighbridge.

Sort and bale

By grade, at our Bamburi yard.

Supply recyclers

Sorted and baled loads, settled on the weighbridge.

Our principles

Weighed, not guessed

Every material is weighed; any take-off for wet or dirty material is recorded separately.

Paid by the kilogram

Each material is priced per kilogram by our office and paid after weighing.

Documented

A weight receipt for every collection and certificates of destruction for confidential paper.

Licensed

Our yard and trucks are NEMA-licensed.

Our services

Free collection for businesses

We collect paper, cartons, sacks, polythene and scrap metal from your premises, weigh each material and pay you for every kilogram.

FOR Offices, warehouses, factories, schools and other businesses

TERMS Free from 500 kg within Mombasa County and from 2,000 kg outside it; booked by our office for each request.

Yard purchase

Bring material to our Bamburi yard. We weigh it at the gate, our office prices it, and we pay by M-Pesa or cash.

FOR Collectors and smaller businesses

TERMS During yard hours. Regular sellers can register as suppliers.

Confidential paper destruction

Files, records and printouts are destroyed, and we issue a certificate of destruction.

FOR Any organisation holding confidential paper

TERMS Ask for it when you book a collection.

Supply of sorted and baled material

We supply recyclers with sorted and baled material, with each load settled on the weighbridge.

FOR Recyclers

TERMS By arrangement with our office.

Solar sizing and site visits

An online estimate on 19 years of satellite sunshine data for the town nearest your site, then a site visit before any quote. Installation arranged anywhere in Kenya.

FOR Homes and businesses

TERMS A quotation follows the site visit.

Materials we buy

We buy six materials by the kilogram. Wet or dirty loads are weighed with a take-off for the water and dirt.

	MATERIAL	WHAT COUNTS	HOW TO PREPARE IT
	**Waste paper**	Office paper, printouts, files, books, newspapers and magazines	Keep it dry; bag or bundle it.
	**Cartons & cardboard**	Boxes, cartons and corrugated packaging	Flatten and keep dry.
	**Gunny & woven PP sacks**	Used and clean sacks, including 20 kg and 80 kg bags	Shake out and bundle.
	**Polythene**	Film, wrap, carrier bags and packaging	Shake out loose dirt; bag it together.
	**Scrap iron & steel**	Off-cuts, sheet, fittings and other ferrous scrap	Keep it apart from other material.
	**Copper & aluminium**	Copper, aluminium profiles and sheet	Keep it apart from iron.

> Not sure about a material? Send a photo on WhatsApp to 0702 183 666 and we will tell you if we take it.

05 FROM REQUEST TO PAYMENT

How we work

01
Request

Tell us what you have, roughly how much and where: form, WhatsApp, phone or email.

02
We book the truck

Our office books a collection and contacts you to confirm the day.

03
Weighed and recorded

At our yard scale or a public weighbridge; any take-off is recorded separately.

04
Priced and paid

Per kilogram by our office; paid by M-Pesa, bank transfer or cheque.

Documents you receive

Weight receipt

For every collection: the kilos of each material, with any take-off shown separately. Keep it with your waste records.

Certificate of destruction

Issued for confidential paper such as files, records and printouts that we destroy.

Licence copies

Copies of our NEMA licences, on request, for your supplier file.

Sorted books and paper

Free pickup minimums. 500 kg within Mombasa County; 2,000 kg outside it. Smaller amounts are welcome at our Bamburi yard.

Compliance and responsibility

Licensing

Our Bamburi yard and our trucks are licensed by the National Environment Management Authority (NEMA). Copies of the licences are available on request.

The law our clients work under

Kenya's Sustainable Waste Management Act, 2022 requires anyone who generates waste to

> **"dispose the waste to only licensed waste service providers or at collection points designated in accordance with the provisions of this Act."**
>
> Section 20(1)(b)

Private-sector entities in gazetted categories must also report the actual quantities of waste they generate (section 19(1)(a)); our weight receipts give you those kilos for every collection. On conviction, a business that fails to manage its waste under the Act faces a fine of at least 5% of the previous year's net income or KES 5 million, whichever is higher (section 19(6)).

What happens to what we collect

We sort and bale what we collect at our Bamburi yard and supply it to recyclers, with each load settled on the weighbridge.

Your data

We handle the details you give us under Kenya's Data Protection Act, 2019. Our privacy notice is at everest-solutions.co.ke/privacy.

The legal summary above is plain-language guidance, not legal advice.

Working with us

Why businesses use us

Free collection

From 500 kg within Mombasa County and 2,000 kg outside it.

Paid by the kilogram

Every material weighed and priced per kilogram.

Records for your files

A weight receipt for every collection; certificates of destruction for confidential paper.

Licensed handling

A NEMA-licensed yard and trucks, as the Sustainable Waste Management Act, 2022 expects.
